Earn CEUs or 2 (two) semester hours of graduate credit!!

Service-Learning Leadership Seminar: Level 2+

Ashland University/CEUs

Register today! ◀

This leadership seminar is designed to help "graduates" of the Level 1 "Creating a Legacy" course (and those who would like to continue forward from Level 2) further their professional development and collegial sharing re: service-learning, project based learning, and other aspects of experiential education. The 2014-2015 seminar will focus largely on strategies for connecting high quality service-learning with the priorities of "Growing Together" member schools and agencies.

As the year progresses, seminar meetings will feature such topics/focus areas as innovative service-learning and curriculum integration strategies, project design sessions, strategic planning activities, guest speakers, films/videos, community-based experiences, book/literature discussions, and other interactive techniques and opportunities. **Seminar members will develop and share new projects/strategies of their own, as well as work collaboratively toward greater viability and sustainability of service-learning in their respective schools, districts, and throughout the "Growing Together" Network.** Course instructors will be **Ellen Erlanger** (retired from Upper Arlington Schools) and **Kathy Meyer** (retired from Worthington Schools), educational consultants with *The Legacy Group of Partnerships Make A Difference*.

The seminar will meet monthly, October through May, 4:30-7:00 p.m. Specific meeting dates will be determined soon. If you are interested in participating in the Level 2+ experience, please email Kathy at info@partnershipsmakeadifference.org. She will send you further details about specific dates/registration info.

Cost of two semester hours of graduate credit is \$350 (Spring 2015 semester credit; Ashland registration will be conducted at the January session). Contact hours certification is free. For more information, call Ellen or Kathy at 614.488.3459 or email at info@partnershipsmakeadifference.org.
